We are delighted to host this year's fundraising event in collaboration with The Arts Society, who share our values in encouragement and support of young and emerging talent. This will enable us to provide a mentoring program for our future generation of artists and continue to showcase their work at a top London venue. Over 500 pieces of art work by our outstanding professional artists will be available with a special discount on all sales at this evening's preview.

Special thanks to our sponsors The Arts Society & Karin Walker
